

Ingleburn Informer

Issue 2 Term 3

Dates to Remember

WEEK 5

Tuesday 21 August – RSPCA Cupcake Day, Minto Debate

Thursday 23 August – Feelings Mufti Day

Friday 24 August – Gala Day

WEEK 6

Monday 27 August – Athletics Carnival

Tuesday 28 August – Father's Day Stall

Thursday 30 August – Cantabile Music Festival – Opera House, 5GH & 6JR Excursion

Friday 31 August – Sports and School Groups Photos

WEEK 7

Monday 3 September – Zone Track Athletics

Tuesday 4 September – Fields Zone Athletics, Bunning Excursion

Wednesday 5 September – Fire in the Fields, Indigenous Literacy Day

Friday 7 September – Gala Day

WEEK 8

Tuesday 11 September – Year 6 'R U OK?' Exhibition, Dance Sport Gala

Wednesday 12 September – Year 4-6 Resilience Conference

Thursday 13 September – Milo Cricket

Friday 14 September – Years 1-6 Resilience Day

WEEK 9

Thursday 20 September – Mufti \$5 for a Farmer

WEEK 10

Wednesday 26 September – Fun Day

Wakakirri

Congratulations to Wakakirri students and teachers who performed last night. A full newsletter article will be featured in the next edition of the Ingleburn Informer.

Don't Be Afraid To Fly...

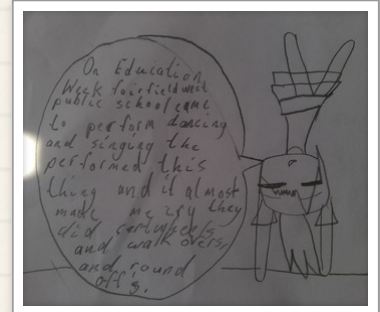

This item depicts a transformation of traditional educational norms into an inspiring world of inclusivity and individuality. One 'risk taker' empowers students to relinquish their

constrained ideals and engage in a gratifying celebration of individual talents and uniqueness... Don't Be Afraid To Fly...

A really big special mention to Warren in Year 5 who commanded the opening and the "freeing himself of the constraints of traditional educational norms."

Education Week Assembly

Wow! what a wonderful day that was! We're talking about education day. From Fairfield West Public School, to percussion, Wakakirri, Dance Sport to choir! Wakakirri taught us a special lesson to everyone about expressing themselves. Fairfield West sang with our choir as well as performed ballet dances.

Alexa in 3JK recalled how amazing the percussion group was. 'It was amazing how they were swapping sticks and they didn't make any mistakes. Miss Cole taught them very well and I may join the percussion group next time it is offered.'

Flora, 3JK

We are hoping to upload some video footage of some of the performances shortly.

Game Changer

Last week there was an event with the Department of Education called the Game Changer Challenge. In this event teams of 6 students from schools from all across New South Wales created a short video about what schools will look about in the future. The top 8 teams got to go to Parramatta to Game Changer H.Q where they are taught different things that could potentially help their presentation/pitch. These things included Adobe, Minecraft, Paint 3D, Lego Robotics, Amazon and storytelling skills.

The team consisted of Karti, Ryan J, Mahran, Joshua and captain and vice captain Ritisha and Angel. Mrs Bellenger and Ms Scooco led us through our competition entry and on the challenge. Being one of the top 8 primary schools they got to stay in the Park Royal hotel for 3 nights. They got a buffet breakfast every morning and 30 dollars each for dinner. For dinner on night 1 they got to have bolognaise and a ice cream yogurt from yogurt berry, night 2 we chose a Chinese Restaurant and Yogurt berry for dessert and night 3 was a buffet at gamechanger H.Q. as we were working until late in the night on the presentation.

Josh, Karti and Ryan loved staying in the hotel. Ritisha's favourite experience was learning new things everyday . The captains loved making movies with Adobe spark and using 3D Paint to make models. The pitches created by each of the 8 schools were excellent but majority of the students in our group loved our pitch the best. Our pitch was Passion Pods for Positivity, where several glass pods surround a central classroom. Pods include VR, Robotics, reading, Visual Arts and more options to suit the different learning styles of each student. These pods made it a quiet place to work while still be monitored and supported by teachers. Other schools had great ideas such as sustainable schools ,vending machines with learning information and classrooms which teleport.

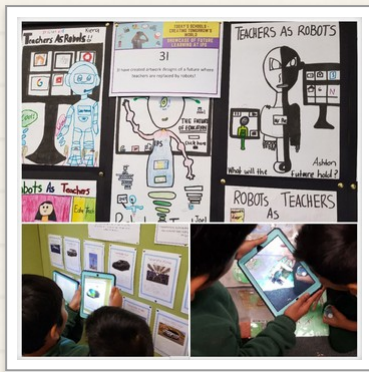

Josh, Karti and Ryan

Interactive Future Learning Showcase

Last week the Media and Techtonics Groups held tours for classes in the Discovery Centre. The main reason we did this tour was because it was Education Week and the theme this year was creating the future. The team of Thomas, Johann, Karti and Ryan were doing robotics and augmented reality, which means that they allowed guests to able to code Lego and Jimu robots and use the ipad for augmented reality by focusing on alphabetical cards and animals came out of them on the ipad. Team two had focused on virtual reality with the parents. members of team two were Rhenaya, Lucas and Hayley. They also helps students with the playdoh app, sphero zoo map created by Year 1, and WWF Free Rivers app. Team three focused on logical games and more augmented reality where scanning artworks created by 4SM and KBM with iPads allowed guests to view videos of students talking.

Lucas

Year 2 Symbio Excursion

Two weeks ago Year 2 went to the Symbio Wildlife Park. Jordan, Maddison, Lance and Hazem have provided us with some information about the excursion. Year 2 went on this excursion because they had been learning about endangered animals. They fed the kangaroos, went to a reptile house and saw plenty of animals. Jordans' and Lance's favourite animal was a cheetah because they have impressive speed and are the fastest land animal on earth, Maddison's favourite was a red panda because of their soft and smooth fur, Hazem's favourite was the snakes because their scales help protects them from predators and also they don't have legs or arms.

Johann and Wayswin

100 Days of Kindergarten

Kindergarten recently celebrated 100 days of school. Johan and Leti went to interview some students to find out some of their favourite things about school.

Ewa loves the classroom, Evie loves Pebble Place, Pele and Eshel love playing with friends and Koby loves kicking soccer balls. Charlie, Siyona, TJ and Joshua all commented that they now know how to read, while Jericho can now do addition.

Thinking forward to when they really are older, Ana and Yael want to be firefighters, Milie wants to be a teacher, Abeer a chef, Ankush a ninja and Mia G a police officer.

Congratulations Kindergarten on a excellent start to learning at our school. Keep up the great work as you continue to grow older and wiser.

NSW Rugby League All Schools State Finals

On Wednesday the 8th of August, the Ingleburn Public School rugby league team were invited to the All Schools Challenge Cup held at St Marys. The team included Leti, Lisiate, Lachlan KS, Robbie, Deacon, Lawyer, Ephrium, Tyler, Tai, Lachlan M, Dayton, Hamish and Jayden. Lachlan M summed up the day saying 'the boys and I played hard and tried our best. We enjoyed the day but unfortunately lost most of our games.

RSPCA CUPCAKE DAY

On Tuesday the 21st of August there will be a cupcake stall to raise money for the RSPCA. All items will be \$1. Teachers will collect the money and exchange tokens that can be used at the stall. To celebrate further, students are invited to dress up as their favourite animal.

Mechanica

Students in the Media-writes group have been looking at improving creativity and detail in writing. They read the book *Mechanica* by [Lance Balchin](#) where a future world is described where mechanical animals have taken over after humans have exploited the Earth to the point where it is almost uninhabitable. To accompany their descriptions they created images of their designs using spare parts.

JOSHUA- Komodo Mechanica

The mechanical Komodo Dragon was originally designed to stop the overpopulation of deer, carrion and pigs. This was also used to execute prisoners if necessary. Now that the *Mechanica* uprising has occurred the Komodo Dragon *Mechanica* has killed countless humans.

LUCAS- Thunderjaw Mechanica

It is a milita weapon but cares mainly for the systems also knows as Gaia. Gaia is a AI that controls all the parts that create Project Zero Dawn. Project Zero Dawn is also important because the 32nd Century is ruled by robots that suck the life out of everything that is living on this Earth.

Project Zero Dawn wont save the Earth but will wipe out all of the systems that remain on the present Earth and will be reborn into a world that is artificially made by Gaia and new robots that have the same genetics as animals past and present. Thank you to Elizebeth Sobeck for creating the Thunderjaw *Mechanica* and all the refuges for protecting the virus from the insurgent and stopping them from destroying Project Zero Dawn.

Emotions Mufti Day

On Thursday 23rd August 2018 the school will be holding a Komochis Mufti Day. Komochi is a Japanese word which means to have good feelings. So on this day we ask that the children wear their favourite colour to school, the colour that makes them feel happy. The cost of wearing your favourite colour to school will be \$2 and all funds raised will go towards a program raising awareness of a need for resilience. The Mufti day is for all grades from K-6 and we are hoping we can have an extremely colourful day with everyone having fun being in their happy colour.

FUN DAY IS COMING

FAMILY FUN DAY

RIDES, GAMES, STALLS, FOOD, PETTING ZOO, HAUNTED HOUSE & MORE

WEDNESDAY 26 SEPTEMBER

Ingleburn Public School
from 11:30am

DATE TO PUT IN YOUR CALENDAR

Each year the children of Years 5 & 6 run a Fun Day to help raise important funds for our school. It is a tradition that has been running for many years now and is a great opportunity for parents to join in the fun with their children. Fun Day is similar to a fete. There will be face painting, chocolate wheel, games to play, food to eat and much, much more. So write the date in your diary now so you don't miss out.

Wednesday 26 September 2018

More information will be given out closer to the date, but do not hesitate to ask your class teacher if you have any questions about Fun Day. We are hoping to see a lot of parents, families and friends visiting our school on this special day.

See you there!
